

Not able to make it to our credit class?

*We have an online seminar just for you
on UNDERSTANDING CREDIT!*

As part of your Homeownership benefits you have access to free educational seminars to help you make the best financial choices for you. Unfortunately, those seminars aren't always held at the most convenient of times, so we've put together a brief online seminar that can be watched at whatever time fits your schedule.

In this brief seminar on Understanding Credit, you'll learn:

- What credit history is important when financing a home
- How to "clean up" your credit
- What you can do to fix errors

Plus, pick up helpful class resources and materials.
